

Open for Quote beginning August 1, 2020
Heavy Duty Steel Deck Truck Scale
for the Town of Dannemora

Eligible Entities: This bidding process is open to any individual, company, municipality, or organization.

Deadline: Bidding closes on August 25, 2020 at 3:00pm

Requirements: The needs of the Town of Dannemora for this high capacity scale include the following:

- 270,000 lb capacity
- Weight rating of 80,000 lbs
- The site for this scale currently does not have power; a quote should include options for a battery, or solar, or is capable of connecting to a 110 power source. It is possible that the Town will bring power to the site.
- Include construction rates in your proposal, keeping in mind that the Town of Dannemora must adhere to NYS construction regulations.
- Include concrete foundation in your quote, if possible
- Include payment term preferences in your quote; be willing to work with the Town to meet timing requirements

To Apply: Email solutions@citec.org, for application packet, or download from the Town of Dannemora's website, on the home page under Upcoming Events and Notices. Call Kate Chepeleff with questions: 315-212-4890

Bid/Proposal Application

Bids and proposals do not, in any way, comprise an agreement to do business. They represent proposals to be evaluated by the Town of Dannemora and relevant parties. All proposals will be considered without prejudice in compliance with state and local regulations. Applicants will be contacted to provide additional information. Questions concerning this bidding/application process should be directed to Kate Chepeleff at chepeleff@citec.org or 315-212-4890.
